

## Vision

*Small Schools Preparing Students for Big Futures*

## Mission

Each student will be provided with intentionally designed learning through innovative practices while celebrating diversity and developing strong relationships that ensure student achievement and foster the growth of well-adjusted citizens.

## Values

Trust, Respect, Community, Well-being, Excellence and Accountability

## Division Priorities

- ◆ High-quality, purposeful learning supported by exceptional staff
- ◆ A safe and connected learning environment fostering belonging and well-being
- ◆ Positive school culture with authentic relationships and meaningful engagement
- ◆ Strong partnership between home, school and community
- ◆ Academic excellence with a whole child focused approach
- ◆ Innovative, creative and responsible risk-taking, keeping learning relevant

# Board Strategic Plan

## Teaching & Learning

### Outcome 1

Inspire students to grow and contribute through meaningful and authentic learning

### Outcome 2

Build strong literacy and numeracy skills through the developing of critical thinking and resilience needed to navigate an ever-changing world

### Outcome 3

Every student will receive equitable access to diverse, lifelong learning that honors potential through hands-on, land-based experiences

## Culture & Wellness

### Outcome 1

Schools provide a safe, caring and welcoming environment for all

### Outcome 2

Schools empower staff, students, families and employee groups to create a positive and respectful community culture

### Outcome 3

Success is sustained through a holistic focus on the well being of staff and students through connection, engagement and growth

## Innovation & Opportunity

### Outcome 1

Every student has equal access to learning and value added opportunities regardless of their background

### Outcome 2

Students develop skills that will make them life long learners ready for life, work and what comes next

### Outcome 3

Create a culture of creativity and responsible risk-taking using various technologies to maximize learning and the ability to thrive in a rapidly changing world

## Engagement & Community

### Outcome 1

Community well being and pride in public education as a result of schools and communities thriving through open communication, trust and a shared purpose

### Outcome 2

Partnering with the local communities to enrich learning, expand career pathways and foster active citizens with a strong sense of belonging

### Outcome 3

School and community partnership through a shared voice and ownership in student engagement, learning and long term success
